

VIII INTERNATIONAL FIELD WORKSHOP FOR YOUNG HYDROGEOLOGISTS

“GROUNDWATER PROTECTION AND MONITORING”

on
12 - 14.06.2017
Cieszyn, POLAND

ORGANIZERS:

Scientific Student Organisation AQUA

University of Silesia, Faculty of Earth Sciences,
Department of Hydrogeology and Engineering Geology

PARTNERS:

International Association of Hydrogeologists

Association of Polish Hydrogeologists

THE IDEA OF THE MEETING

This workshop is dedicated for young researchers and early-career hydrogeologists. It is focused on learning through practice therefore participation gives an opportunity to meet interesting hydrogeological problems, modelling methods and practical applications in the field work and, last but not least, allows for the exchange of experiences with people who share the same interest - hydrogeology.

Official language: English
